MODULAR ATPL PILOT TRAINING - THEORETICAL KNOWLEDGE DISTANCE LEARNING FROM £2,400

As part of our portfolio we offer ATPL Theoretical Knowledge training delivered by distance learning. Our unique training philosophy aims not only to achieve excellent exam results, but more importantly, to produce professional pilots whose knowledge stays with them throughout their careers.

Why choose us?

- > Fantastic exam results
- > Innovative interactive learning made simple
- > Professional development programme
- > Unparalleled student support

How distance learning works

The L3Harris ATPL Distance Learning course comprises distance learning and classroom sessions split into three modules. Our 3-module system lets you focus on only one third of the subjects at a time, while building and applying your knowledge.

Each module is mapped out in a study guide and consists of reading assignments from our iPad ebooks and interactive App, course tests and ground school days. After successfully completing a module you will take the corresponding CAA exams.

Our trainees receive an all-round pilot education throughout the course, fully compliant with the latest EASA Learning Objectives and syllabus.

Classroom Tuition

Classroom tuition takes place at regular dates throughout the year at one of the following training centres:

Coventry Training Centre

London Training Centre - Gatwick (UK)

Additionally, to enhance learning, live internet tutorials can be facilitated on a regular basis.

Successful completion from this programme will provide you with:

- > 13 x Theoretical Knowledge exams following the latest EASA 2020 syllabus

Entry Criteria

To apply for this programme, you must meet the following requirements:

Age and height

Aged 17 to apply.

Aged 18 to commence training.

Minimum height 5 ft. 2 in. (157 cm).

Maximum height 6 ft. 3 in. (191 cm).

There is no height restriction to commence Theoretical Knowledge training, but you will need to satisfy the height requirements before you can commence flight training.

Education and English language

Students must possess a sound basic knowledge of mathematics and be competent in the use of the English language.

Non-native English speakers must achieve at least level 5.5 in all sections of the International English Language Training System (IELTS).

Medical

Be able to obtain:

1. EASA Class 1 Medical without restrictions for Irish IAA Licence; or
2. UK CAA Class 1 Medical without restrictions for UK CAA Licence

There is no requirement to obtain a medical for Theoretical Knowledge training. But you will need to obtain a medical before flight training and MCC.

Visas

1. Have the unrestricted right to live, study and work in the European Economic Area (EEA) or Switzerland; or

Background and selection

Produce a Disclosure and Barring Service (DBS) certificate before training can commence.

Pass L3Harris' selection process.

L3HARRIS™
FAST. FORWARD.

Costs & Funding

We understand the cost of training to become an airline pilot can be a significant financial investment, which is why we have launched the Modular ATPL programme. The Modular approach allows cadets to study for one Module at a time and only pay as they train.

Cost: £2,400 (inc VAT)

Fee Structure:

- > Initial deposit of £480
- > 1x instalments of £1,920
- > Payment schedule will be confirmed at time of booking

Additional Costs (to consider):

- > ATPL Theoretical Knowledge exam fees
- > Selection fees (see below)
- > English language (IELTS) test (if applicable)
- > Food and personal living
- > Personal travel
- > iPad (Generation 2 or above)
- > Insurances

Selection Process:

- > **FREE of charge until July 2021**
- > Cut-e testing and Zoom interview

Selection is mandatory. If you are a PPL holder you will not be required to sit the technical elements of selection (subject to log book review by our selection team). You will still be required to attend a Zoom interview.
